

1 Introduction

Firstly, my sincere thanks to Stephen Hawkins and Martyn Greaves (our accounts examiner) for their unstinting support as I took up the Treasurer's job last autumn.

2 Accounting Review & Notes

Annual Accounts Review: Martyn has completed a satisfactory review of our accounts and has provided a comprehensive report, where it is evident that your Treasurer has followed the club guidelines and implemented a successful migration from Sage to ZoHo Books, a cloud-based accounting package. Of course, nothing is perfect, and Martyn recommends that: (i) we expand some of our account codes; (ii) Account for the gross SumUp payments, rather than the net after their fee is taken; (iii) Review FOSSC merchandise handling and add a stock holding to our assets.

Given the circumstances of 2020/21, the club has continued to strengthen its offer to our members, who still participate with great enthusiasm. In particular, we have invested in six new single-handed dinghies to allow our training courses to run whilst Covid restrictions persist. We have also replaced the Dory with a new Whaly safety boat. However, we will not benefit from the Covid grants over the coming year, and Martyn recommends that we consider increasing our fees for 2022/23.

Income: The member subscription cycle means that current account is at its lowest at the yearend. About 80% of all subscriptions are banked by the end of December. This is reflected in the Year-end Current Account balance and the balance recorded for 2 November (see Section 3).

Sail Training: Despite Covid, we have run very popular Adult and Junior Courses from April through to July. The purchase of six Laser Picos helped us comply with the Covid rules by running single handed training – these boats proved a great success.

Expenses: Towards the end of our accounting year 2020/21, we had significant expenses, with net outgoings of just over £9k. This included the purchase of the new Whaly safety boat, the cost of weed cutting and added CCTV security.

Asset Register: Your Treasurer has followed Steve Hawkins' guidance on the calculation of asset depreciation, so this is included in our year end numbers (just over £11k). We have also reviewed all of the boats and equipment owned by the club, and our Commodore sold or scrapped unused or obsolete items.

SumUp: During the year we adopted the SumUp bank card system to remove some cash from bar sales, provide convenience to our members, and simplify course fee payments. In the latter case members make an on-line payment instead of paying by cheque. During 2021, we recorded the net amount arriving at the bank, we will now record the SumUp fee as an expense.

Gigaclear: We are expecting Gigaclear to provide fast broadband to the club, possibly by the end of 2021, although dates are yet to be confirmed.

Bank Fees: Our business with Barclays bank is now classed a 'Community Account' and entitles us to free banking.

Savings Accounts: We have several 'savings' accounts that yield very little income. Some of these are 'ring-fenced' pots to allow the club to isolate funds for specific purposes (for example, our lease demands we keep 2 years' rent to one side). During 2021/22 we expect inflation to rise possibly beyond 4% and it is likely that banks will offer more attractive interest rates – your Treasurer will monitor this and act accordingly.

Book-Keeping: At the start of the old accounting year (2020/21), we adopted the cloud based Zoho Books to replace the Sage TAS Books. ZoHo saves us money over the year and is easier to run, supporting direct feeds from Barclays Bank. It has also made simplified the annual, since Martyn had direct access to the computerised accounts.

3 Barclays balances at the Year-End 30-September-2021

The tables below show our banking position (the balances) and money put to one side for club development or replacement/repair of club equipment/facilities. The numbers reflect the

Barclays balances	ACCOUNT	BALANCES AT Y/E 2020	BALANCES AT Y/E 2021	CHANGE 2020 TO 2021	BALANCES AT 2 Nov 2021
2 years rent held in reserve as required under terms of FOSSC lease Rule 26 (d)	A Business Saver account (gross interest rate 0.01%)	15,743.35	£17,235.51	£1,492.16	£17,235.90
	B Current account (no interest)	7,732.66	£20,384.23	£12,651.57	£28,497.98
Interest bearing savings	C Base Rate Reward (gross interest rate 0.01%)	51,447.35	£51,452.48	£5.13	£51,453.34

4 Funds for club development and capital item replacement

At 30/09/2021	ACCOUNT	COMMITTED	AVAILABLE
TOTAL FUNDS AVAILABLE AT THE BANK	=C+D		£61,458.44
Less Reserves (In Current Account)	E Sailability Reserve	£5,232.55	
	F Members' key deposits	£3,631.50	
NET FUNDS AVAILABLE	=C+D-(E+F)		£52,594.81

5 The Year Ahead

Although our membership subscriptions were down by 6%, 2020/21 was a slightly better year financially than 2019/20 with an improvement in our profitability, helped significantly by the SDC Covid grants, that will not be available in 2021/22. Nevertheless, these grants helped fund the purchase of new boats without touching our reserves. These have remained intact over the last two years and remain available for investment agreed by our membership.

With care, we can continue our policy of improving the club facilities and the replies from the recent membership survey will guide where we direct these resources to best reflect our members' needs.

However, as mentioned earlier, our subscription fees do appear low compared with other local sailing clubs, and we should consider increasing them in 2022/23.

Tony Emery, Club Treasurer, 09.11.2021

Notes:

(i) During the year Key deposits moved to Key Deposit reserve account (2340) shown on the balance sheet

(ii) Item 4540 FOSSC Merchandise Costs contains the cost of clothing (£1,210.35) provided as part of Junior Week

(iii) The Profit Brought Forward shown in the Balance Sheet reflects the expenditure over the years on our various assets, including the Boat House and Club refurbishment. It is a necessary balancing entry.

Frampton on Severn Sailing Club Balance Sheet on 30 September 2021
